CUSTOMER TESTIMONIALS

GOOGLE REVIEW

Knowledgeable, professional, good customer service. Quickly queried poor measurement and identified correct 11 year old stove. Glass arrived very well packaged within 24 hours with stove rope and took 20 mins to install. Highly recommended.

TRUSTPILOT

Glass in our fire broke Thursday evening, ordered new glass first thing Friday morning, arrived lunchtime on the following day. Now that's what you call service, not much more than 24 hours between order and delivery - and we live in southwest Cornwall where things can sometimes take their time to arrive.
